

New Source Review newspaper advertisements for construction permit applications, April 17, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: April 15, April 16, April 17, 2008. Public notices are generally published every two weeks. The previous publication of public notices was April 3, 2008.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9<sup>th</sup> Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Trinity Marine Products, Inc. - Plant 296 with a mailing address of 2525 Stemmons Freeway, Dallas, TX 75207. They seek to obtain an air contaminant permit (Division identification number: 11-0039-00/61597) for modification of their barge manufacturing operation located at 1050 Trinity Road, Ashland City, TN 37015. The existing operation consists of abrasive blasting of steel plate and coating of steel plate and barges. Air filtration is used for pollution control. There would be an increase in the number of barges to be manufactured. The requested modifications are for enclosure of former outdoor coating operations and enclosure of former outdoor abrasive blasting operations. Additional emission limits would be incorporated in the permit due to these modifications, and the federal Emission Standard for Shipbuilding (Subpart II) is applicable. Regulated air contaminants are emitted by this source. Mr. G. Forte is the assigned Division person.

For the Cheatham County *Ashland City Times* -- published once on or before April 17, 2008.

---

The applicant is Humane Society of Cumberland County with a mailing address of P.O. Box 612, Crossville, Tennessee 37857. They seek to obtain an air contaminant permit (Division identification number: 18-0132-01/61861) for construction of an Animal Crematory Operation located at 594 Cook Road, Crossville, TN 38555. This proposed operation consists of a natural gas fired incinerator and associated equipment used to cremate deceased animal remains. An afterburner would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. E. Peeler is the assigned Division person.

For Cumberland County *Crossville Chronicle* -- published once on or before Thursday, April 17, 2008.

---

The applicant is Weigel's #62, with a mailing address of P.O. Box 650, Powell, TN 37849. They seek to obtain an air contaminant permit (Division identification number: 53-0163-01/61876) for a Gasoline Dispensing Facility located at 12350 Highway 72 N, Loudon, TN 37774. This existing operation consists of two gasoline storage tanks and associated gasoline dispensing equipment. Stage I gasoline vapor recovery is used for pollution

control. There would be no physical construction. Regulated air contaminants are emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Loudon County *News-Herald* -- published once on or before Thursday, April 17, 2008.

The applicant is Basell USA, Inc. with a mailing address of 1035 Flex Drive, Jackson, TN 38301-5076. They seek to obtain an air contaminant permit for (Division identification number: 57-0213-01/60920) a Polypropylene Compounding/Extrusion Operation located at the same address. This existing operation consists of weigh hoppers, mixers, extruder, and associated equipment used to produce polypropylene pellets. Fabric filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Madison County *Jackson Sun-Daily* -- published once on or before Thursday, April 17, 2008.

The applicant is Ready Mix USA with a mailing address of P.O. Box 2389, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 86-0080-01/61838) for modification of a concrete batch plant located at 4175 Marbleton Road, Unicoi, TN 37692. The operation consists of equipment used for concrete batch mixing, including a cement silo, fly ash silo, stone and sand hopper, various conveyors, and weighing hoppers. A baghouse is used for pollution control. There would be no physical construction. There would be no increase in the regulated air contaminants emitted by this source. Mr. D. Logsdon is the assigned Division person.

For Unicoi County *Erwin Record* --published once on or before Thursday, April 17, 2008.
